

2019 Coastal Resilience Grant Awards

Seabrook Wastewater Treatment Facility Resilience Assessment and Engagement

Recipient:	Weston & Sampson Engineers, Inc. in partnership with the Town of Seabrook, NH
Description:	The goal of this project is to better understand the specific impacts of sea-level rise and storm frequency to the Seabrook Wastewater Treatment Facility (WWTF), identify potential climate adaptation solutions for increasing resilience of the WWTF, and develop and implement an equitable public engagement strategy that is both project specific and broad to meet the actions outlined in the Town of Seabrook Coastal Hazards and Adaptation Master Plan Chapter.
Project Timeframe:	January 8, 2020 – June 30, 2021
Federal Grant Award:	\$30,000
Non-Federal Match:	\$15,000
Total Project Cost:	\$45,000
Documents:	Contract Agreement

Exeter Sustainability Advisory Committee

Recipient:	Rockingham Planning Commission in partnership with the Town of Exeter, NH
Description:	The goal of this project is to support the Town of Exeter to develop a set of well-defined strategies and a preliminary framework of actions to support implementation and coordination of sustainable practices across municipal functions, services, plans and regulatory frameworks, and support the community in becoming resilient by protecting its infrastructure, economic, natural, cultural, recreational, and historic resources.
Project Timeframe:	January 8, 2020 – June 30, 2021
Federal Grant Award:	\$10,000
Non-Federal Match:	\$5,000
Total Project Cost:	\$15,000
Documents:	Contract Agreement

North Hampton and Little Boar's Head Coastal Hazards and Adaptation Master Plan Chapters

Recipient:	Rockingham Planning Commission in partnership with the Town of North Hampton, NH
Description:	The goal of this project is to increase knowledge, coordination, and implementation of coastal hazards adaptation actions in North Hampton and the Little Boar's Head Village District by developing Coastal Hazards and Adaptation master plan chapters for both jurisdictions concurrently using a process that focuses on understanding and capacity building between the Town and Village.
Project Timeframe:	January 8, 2020 – June 30, 2021 <i>(no cost extension requested)</i>
Federal Grant Award:	\$17,550
Non-Federal Match:	\$9,025
Total Project Cost:	\$26,575
Documents:	Contract Agreement

Funding for these projects was provided by the National Oceanic and Atmospheric Administration Office for Coastal Management under the Coastal Zone Management Act in conjunction with the New Hampshire Department of Environmental Services Coastal Program.

2019 Coastal Resilience Grant Awards

Durham Coastal Hazards and Adaptation Master Plan Chapter

Recipient:	Strafford Regional Planning Commission in partnership with the Town of Durham, NH
Description:	The goal of this project is to strengthen Durham's resilience to climate change by developing a master plan chapter that offers innovative solutions and implementable actions to inform future land use decisions in order to reduce public and private risk and vulnerability.
Project Timeframe:	January 8, 2020 – June 30, 2021 <i>(no cost extension requested)</i>
Federal Grant Award:	\$17,540
Non-Federal Match:	\$8,770
Total Project Cost:	\$26,310
Documents:	Contract Agreement

Dover Urban Tree Inventory and Plan

Recipient:	Strafford Regional Planning Commission in partnership with the City of Dover, NH
Description:	The goal of this project is to strengthen Dover's resilience to climate change by improving the City's urban landscape through various mechanisms including enhanced stormwater management, design of a stormwater treatment device, integration of green infrastructure (urban trees) into stormwater and other resiliency planning, and education on innovative approaches to stormwater design.
Project Timeframe:	January 8, 2020 – June 30, 2021 <i>(no cost extension requested)</i>
Federal Grant Award:	\$21,000
Non-Federal Match:	\$13,011
Total Project Cost:	\$34,011
Documents:	Contract Agreement

2019 Funding Summary

Federal Grant Award:	\$96,090
Non-Federal Match:	\$50,806
Total Funding:	\$146,896

Funding for these projects was provided by the National Oceanic and Atmospheric Administration Office for Coastal Management under the Coastal Zone Management Act in conjunction with the New Hampshire Department of Environmental Services Coastal Program.
