

NHDES CONSOLIDATED LIST OF WATER BODIES SUBJECT TO RSA 483-B, THE SHORELAND WATER QUALITY PROTECTION ACT (SWQPA)

The Consolidated List of Water Bodies lists the surface elevation that is to serve as the “reference line” for lakes, ponds, and artificial impoundments greater than 10 acres in size (RSA 483-B:4, XVII). The reference line is not the same as the natural mean high waterline, nor is it a property boundary. This list contains surface elevations for those lakes, ponds, and impoundments for which the Department has data. For convenience, it also includes data on jurisdictional rivers and streams. This list is not a complete catalogue of all waterbodies subject to RSA 483-B.

The Consolidated List of Water Bodies lists the surface elevation that is to serve as the "reference line" for lakes, ponds, and artificial impoundments greater than 10 acres in size (RSA 483-B:4, XVII). The reference line is not the same as the natural mean high waterline, nor is it a property boundary. This list contains surface elevations for those lakes, ponds, and impoundments for which the Department has data. For convenience, it also includes data on jurisdictional rivers and streams. This list is not a complete catalogue of all waterbodies subject to RSA 483-B.
