HOW TO FIND WELL REPORTS FROM THE NHDES ONESTOP WEBSITE

 Click on the green **OneStop** icon on the bottom of the homepage or go to this link for the <u>OneStop homepage</u>.

2. Click the "Water Well" box

 Search by typing in your town and street name. For the best results, keep the search entry as short as possible and omit the house number and extension (ST, RD, etc.) from the address. You can also search by property owner, builder, driller, year completed and Well ID.

(ex. For 15 Settlers Green Way, Bedford, search Town 'Bedford' and 'Settler' *OR* 'Green' in address field.)

General Areas of Interest:	Optional-			~
If you are unsure which	Specific Areas of Interest you	want, try selecting a General Are	of Interest. This will select all the S	pecific Areas that apply.
		Specific Areas of Interest
